

(ii) a single audit of a remote seller for all State and local taxing jurisdictions within that State; and

(iii) a single sales and use tax return to be used by remote sellers to be filed with the single entity responsible for tax administration.

A State may not require a remote seller to file sales and use tax returns any more frequently than returns are required for non-remote sellers or impose requirements on remote sellers that the State does not impose on nonremote sellers with respect to the collection of sales and use taxes under this Act. No local jurisdiction may require a remote seller to submit a sales and use tax return or to collect sales and use taxes other than as provided by this paragraph.

(B) Provide a uniform sales and use tax base among the State and the local taxing jurisdictions within the State pursuant to paragraph (1).

(C) Source all remote sales in compliance with the sourcing definition set forth in section 4(7).

(D) Provide—

(i) information indicating the taxability of products and services along with any product and service exemptions from sales and use tax in the State and a rates and boundary database;

(ii) software free of charge for remote sellers that calculates sales and use taxes due on each transaction at the time the transaction is completed, that files sales and use tax returns, and that is updated to reflect rate changes as described in subparagraph (H); and

(iii) certification procedures for persons to be approved as certified software providers. For purposes of clause (iii), the software provided by certified software providers shall be capable of calculating and filing sales and use taxes in all States qualified under this Act.

(E) Relieve remote sellers from liability to the State or locality for the incorrect collection, remittance, or noncollection of sales and use taxes, including any penalties or interest, if the liability is the result of an error or omission made by a certified software provider.

(F) Relieve certified software providers from liability to the State or locality for the incorrect collection, remittance, or noncollection of sales and use taxes, including any penalties or interest, if the liability is the result of misleading or inaccurate information provided by a remote seller.

(G) Relieve remote sellers and certified software providers from liability to the State or locality for incorrect collection, remittance, or noncollection of sales and use taxes, including any penalties or interest, if the liability is the result of incorrect information or software provided by the State.

(H) Provide remote sellers and certified software providers with 90 days notice of a rate change by the State or any locality in the State and update the information described in subparagraph (D)(i) accordingly and relieve any remote seller or certified software provider from liability for collecting sales and use taxes at the immediately preceding effective rate during the 90-day notice period if the required notice is not provided.

(c) **SMALL SELLER EXCEPTION.**—A State is authorized to require a remote seller to collect sales and use taxes under this Act only if the remote seller has gross annual receipts in total remote sales in the United States in the preceding calendar year exceeding \$1,000,000. For purposes of determining whether the threshold in this section is met, the gross annual receipts from remote sales of 2 or more persons shall be aggregated if—

(1) such persons are related to the remote seller within the meaning of subsections (b) and (c) of section 267 or section 707(b)(1) of the Internal Revenue Code of 1986; or

(2) such persons have 1 or more ownership relationships and such relationships were designed with a principal purpose of avoiding the application of these rules.
